

## Plussz Electrolytes SENIOR + 100% Complex

Dietary supplement.

Effervescent tablets, raspberry-lemon flavour.

Contains sugar and sweeteners.

WITHOUT added SUGAR. Low sodium content\*

Plussz Electrolytes SENIOR 100% Complex is a product created for seniors.

It contains a full set of electrolytes (sodium, potassium, magnesium, calcium, chloride), an extract of butcher's broom, which contributes to proper circulation in the lower limbs, as well as vitamins B6 and B12, which help maintain normal psychological functions. Additionally, the product is WITHOUT added SUGAR, and the potassium contained in it helps maintain normal blood pressure. Physiological changes associated with the aging process affect the reduction of thirst sensation. Ensure fluid replenishment with Plussz Electrolytes SENIOR 100% Complex, which hydrates the body and is recommended throughout the year!

**Potassium** helps in the proper functioning of muscles and the nervous system.

**Calcium** contributes to the upkeep of proper energetic metabolism.

**Magnesium** helps in the proper functioning of muscles and contributes to the decrease in feelings of fatigue and exhaustion.

Varied diet and healthy lifestyle are important to stay healthy.
